Requirements

- You already had basic knowledge about Forex
- You already had basic knowledge about Supply Demand
- You already had basic knowledge about Market Structure
- You already had basic knowledge about Multiple timeframe analyzation
- You had enough perseverance to backtest it from 1 - 3 months before real trading

Description

Smart Money – Huge money. Anytime they join in the market , big boys always create the "Footprint" to follow.

Firstly, we need to understand some phase they will do in the market. Please refer my summary for smart money phases as below - you will learn more detail on this course also.

Phase 0. Test liquidity

They normally join to catch the bottom or Top when momentum of market already weak after a long trend.

For example : In up trend, smart money will buy a little to test whether momentum is really weak to
